

MainKlang Frankfurt — A Cappella Sound in Diversity

MainKlang Frankfurt is a seven-women a cappella ensemble founded 2003 to explore the richness of choral sound. On **6 December at 17:00** at St Leonhard, they will sing purely a cappella, though their wider repertoire also embraces works with instrumental accompaniment . Under the direction of Dana Buchenau a select portion of their musical spectrum will be offered in service of the liturgical celebration. A small, day-appropriate musical touch will bring the service to a harmonious close.
